

Your Service Wheel (Blank)

How do your tools (software, books, business frameworks) you listed in the Scorecard connect to the 8 Drivers of Company Value?

Instructions: The Centre spot is for your Key Principles / Pillars i.e. What you deem most important to a successful business – you may have 3, 4 or 5. These are then connected to the 8 Drivers on the VB ring. The outer rectangles are for you to add your tools to the diagram.
