

# The ValueBuilder System™

## FastTrack

### Deliver an Accelerated Value Builder Engagement

FastTrack is a six-week program where you'll discover how to leverage tools, marketing assets, and exercises from The Value Builder System™ to sell and deliver an accelerated 10-week Mastermind. Linda will walk you through this proven, step-by-step process while sharing tips and best practices. Once completed, you'll have a solid foundation that you can tailor with your own ideas and unique skills to develop and run your very own FastTrack Program.

*FastTrack is a well thought out alternative to the monthly program that would likely appeal to a larger group of business owners.*
